37. LIAISON I met with George Armstrong, on the staff of Representative John M. Ashbrook (R., Ohio), concerning Mr. Ashbrook's letter to the State Department requesting whether
former Laotian General Boussarath, now in the U.S., has any information on POW's as reported in the press. I explained the Agency's position as
matter pursued. Armstrong said the father of a missing POW, who has looked into the matter thoroughly and traveled extensively, recently interviewed General Boussarath. Armstrong has the tapes of the interview which he will be studying. He said he would be back to the Agency if Mr. Ashbrook feels that there were any leads that he might request the Agency to pursue. I told Armstrong that we would be getting this word back to State Department.
Abram Shulsky, Senate Select Committee on Intelligence staff, and told them that DCI/NIO/SP, had located a file Ralston had previously used for his A Team-B Team study and it would be available in DDI/CPS/CSS, office. I also told them George Carver, former D/DCI/NIO, was not scheduled for a return to the U.S. any time
soon. Shulsky had asked to interview Carver regarding the A Team-B Team episode. I told the staffers if they had essential questions perhaps we could cable Carver and he could pouch answers back.
39. LIAISON Met with Hal Ford, Senate Select Committee on Intelligence staff, and notified him that reports on China were now available for his review. Ford said he would like to look at them first thing the morning of 12 September.
